# APPLICATION

Greet a complete home solution product range with us. One of the most popular practices for modern-day homes is to extend the flooring of the Living room to the kitchen.

A well designed Endless Carving finish tiles that will perfectly complement your trendy space.

# FEATURE

- Water Proof
- Resistant To Scratches
- Resistant To High Temperatures
- Easy To Clean
- Resistant To Bending
- Resistant To UV Rays

The parameter used for slip resistance is called the Coefficient of Friction (COF). The higher the COF, the better the slip resistance of the tiles. Unglazed tiles, mosaic tiles (with many grout joints) and rough surfaced tiles are less slippery when compared with smooth and HIGH GLOSSY glazed tiles.

# DIGI MATT SURFACE

The natural charm and pleasant tone create  
A peaceful atmosphere.

---

Featuring indented or grooved patterns, these tiles add depth, texture and a touch of luxury to walls and floors. Typically made from ceramic, porcelain or natural stone, carved effect tiles are ideal for accent walls, feature panels or elegant backdrops in both modern and traditional interiors.
